- Developed websites as a front-end developer, gaining valuable experience in problem-solving and critical thinking.

PROJECTS

My NUST App
Developed My NUST App ([Play Store](#)) for university students using Flutter. Added many smooth animations and other features like in app web-view, notification reminders, download PDF and encrypted secure local database, etc. It includes tools such as GPA calculation, note-taking, LMS access, hostel dues checking, add reminders, etc.

Green-Eats App
Developed Green Eats, a full-stack grocery app with admin panel, available on multiple platforms including [Play Store](#), [App Store](#), and [Website](#). Used Flutter for the front-end and Firebase for database, authentication, hosting, notification service, cloud functions and other cloud features.

Portfolio
Developed React and Three.js based 3D animated portfolio ([Website](#)). I modeled my work setup in Blender and used the power of Three.js to add it to the web to achieve astonishing results.
